Dear Ms. McPartlan:

Each year, through The Fresh Air Fund's Friendly Town program, New York City children get to experience the simple pleasures of summer like walking barefoot through the grass, swimming in a cool lake, gazing at the stars and just being children.

We, at The Fund, wish to thank you for providing a discount to use your facility for the Friendly Town welcome party. The involvement of people like you who donate time, goods and services, support and enrich our program and help to make lasting summer memories.

On behalf of our entire staff, our local volunteers and thousands of New York City children – *thank you!* Your acts of kindness and generosity made a difference in the lives of our Fresh Air children – one child at a time – one smile at a time.

Sincerely,

Jenny Morgenthau  
Executive Director
