the *Fresh Air* fund

serving children since 1877

August 3, 2008

Dear Jenn and staff of One Stop Fun,

Summer living may be easy in the suburbs, but summer in the city is a different story. While we enjoy swimming, backyard barbeques, mini golf and ice cream, city children are often spending entire days in crowded, hot apartments with no chance to enjoy the fresh air we take for granted.

It is difficult to express how close to my heart this program is, and how much I appreciate your continued support of our efforts on behalf of these disadvantaged children. The welcome party at One Stop Fun is something that our families enjoy sharing with their Fresh Air Fund children and gives us the opportunity to see first hand how our families are doing with their visitors. The discount that you offer while the children are here is appreciated by our families.

Forty-two children left the inner city for a vacation in the suburbs and made memories that will last a lifetime. I hope that you and your staff feel good about making a difference in the life of a child.

Sincerely,

Debbie Carter
